

# 3752 ALMAGARD® VARI-PURPOSE LUBRICANT

DRIVE SERVICE, INC., Gear Service Reno-Sparks, NV

Drive Line Components • SIC 1799 Special Trade Contractors, nec

*Since switching to LE's 3752, Drive Line Service, Inc. & Gear Service of Reno-Sparks has seen U-joint life triple*

**CUSTOMER TESTIMONIAL**

## **CUSTOMER PROFILE**

Drive Line Service, Inc. & Gear Service of Reno-Sparks has been in business since 1971. They are in the business of servicing and repairing drive lines for retail and commercial customers. They are well known throughout Northern Nevada as a quality shop and take pride in the value they offer their customers. They have been an LE customer since 1983.

## **APPLICATION**

Drive Line Service, Inc. & Gear Service of Reno-Sparks requires a grease of the highest quality for use in components of the drive line

and for a multi-purpose lubricant. Their mechanics utilize grease in U-joints, wheel bearings, ball joints, slip joints, tie rod ends and in various chassis points.

## **AREA OF INTEREST**

Part of the high value Drive Line Service, Inc. & Gear Service of Reno-Sparks provides their customers is a full one year warranty for all the work performed in their shop. Many of the returns were noted to be totally void of any lubricant. The critical components were not being relubricated by the customer. The all-purpose chassis grease in use was washing out and slinging off at high speeds.

## **CUSTOMER COST SAVINGS**

***Since switching to LE's 3752, Drive Line Service, Inc. & Gear Service of Reno-Sparks has seen U-joint life triple***, therefore warranty repair costs due to U-joint failures has been reduced substantially. Their customers' satisfaction has also greatly improved. Actual dollar savings related to these improvements are not readily quantifiable.

***Shop Manager Tom Hauptman says that Drive Line Service, Inc. & Gear***

***Service of Reno-Sparks uses the best drive line components available, therefore, he considers the use of LE's 3752 an excellent investment to achieve maximum performance and life out of these premium components and to maximize customer satisfaction.***

## **OTHER PRODUCTS USED**

They also use LE's 2059 MONOLEX® Penetrating Oil and Lubricant. Shop personnel find that LE's 2059 is very effective in easing disassembly of rusted and seized parts.

We want to thank Shop Manager Tom Hauptman and local LE Representative Dennis Morgan (pictured) for providing the information to prepare this report.
